FOR IMMEDIATE RELEASE

WINERY RELEASES A VERY SPECIAL COMMEMORATIVE RED WINE BLEND

In honor of the Yakima County Commissioner's unanimous vote to establish a new site for a wrecking yard right at the beginning of and gateway to Wine Country in the Yakima Valley, Kris and I have released a fantastic blend we call:

JUNKYARD RED

This is a mix of 5 different wine grapes that will blend with any food group or road kill. Now I know what the wine writers mean when they say a wine has a touch of asphalt and a hint of rock with a barnyard nose. Please don't ask where the acids come from.

We could have gone into a rage over the new wrecking yard site but Kris and I like to make lemonade from lemons. The boys at the County have given us that opportunity and we just want to thank them with this wonderful new wine. All joking aside, this is truly a very fine wine created by one of the most experienced winemakers in the Yakima Valley, Mr. Joel Tefft of Tefft Cellars and one of two winemakers Piety Flats Winery is associated with. The humor is only in the name and the reason we call it by that name.
